SECTION 1. Tennessee Code Annotated, Title 69, Chapter 3, Part 1, is amended by adding the following language as a new, appropriately designated section:

Section 69-3-138. (a) Whenever a person contracts in writing with a master logger to conduct any type of timber harvesting on the person's property, the master logger shall assume sole liability for compliance with the provisions of this chapter for a period of one (1) year after the timber harvest is completed; provided, that the master logger gives written certification to the person that the master logger has designed a plan of best management practices (BMPs) to ensure compliance with all applicable water pollution control laws and that the master logger will install, maintain and adhere to established BMPs to ensure erosion and sediment controls to protect waters of the state in all harvesting activities on the property.
